A. Non-Qualified Stock Option (the “Options”)

(1) Type and Name of Securities (i.e., the Options) to be Issued (i.e., Granted)

The Options are Non-qualified Stock Options for the purpose of Internal Revenue Code of the United States. Non-qualified Stock Options under the Internal Revenue Code means stock options that are not Incentive Stock Options (stock options granted that are intended to meet the requirements of Section 422 of, or any successor provision to the Internal Revenue Code of 1986, as amended from time to time). Tax consequences under the Internal Revenue Code are different between the Incentive Stock Options and Non-qualified Stock Options.

An Option is the right to purchase one share of common stock of Texas Instruments Incorporated, par value of \$1 per share, at the stated exercise price, subject to certain conditions described below.

(2) Number of Securities (i.e., the Options) to be Issued (i.e., Granted)

6,439 Options

The number of the Options is the same as the number of shares as set out in Item (5) “Type and Number of Underlying Shares of the Options” below.

(3) Offering Price per Securities (i.e., Option)

\$0 (¥0)

(4) Aggregate Offering Price

\$0 (¥0 million) (The aggregate offering price of stock acquisition right.)

\$1,246,462 (approximately ¥141 million) (The amount is the sum of the aggregate offering price of stock acquisition right and the “Amount of Payment upon Exercise of the Stock Options”.)

(5) Type and Number of Underlying Shares of the Options

Type: Registered shares of common stock of Texas Instruments Incorporated, par value of \$1 per share (“Shares”)

Number of Shares underlying Options 6,439 Shares

(6) Amount of Payment upon Exercise of the Options (per option)

The exercise price of the Option is \$193.58 which is the closing price of TI stock on the date of grant.

(7) Exercise Period

Options vest (become exercisable) in increments of 25% per year beginning on the first anniversary on the Grant Date of NQ. The term of the Option is 10 years from the Grant Date of NQ, which is December 2, 2021, subject to possible earlier termination as described below (See “(8) Conditions for Exercise of the Options”). “Grant Date of NQ” means the effective date of the grant of NQ.

(8) Conditions for Exercise of the Options

	Employment Termination due to Death or Permanent Disability or at Least 6 Months after Grant When Retirement Eligible *	Employment Termination for Cause	Other Circumstances of Employment Termination
Unexercisable portion of option	Continues	Stops	Stops
Exercisable portion of option	Remains exercisable to end of term	Terminates	Remains exercisable for 30 days

* Retirement eligibility is defined for purposes of equity awards made after 2012 as at least age 55 with 10 or more years of TI service or at least age 65.

Options may be cancelled if, during the two years after employment termination, the grantee competes with TI or solicits TI employees to work for another company, or if the grantee discloses TI trade secrets. In addition, for options received while the grantee was an executive officer, the company may reclaim (or “claw back”) profits earned under grants if the officer engages in such conduct. These provisions are intended to strengthen retention and provide a reasonable remedy to TI in case of competition, solicitation of our employees or disclosure of our confidential information.

Options become fully vested (exercisable) if the grantee is involuntarily terminated from employment with TI (other than for cause) within 24 months after a change in control of TI. “Change in control” is defined as provided in the Texas Instruments 2009 Long-Term Incentive Plan and occurs upon (i) acquisition of more than 50 percent of the voting stock or at least 80 percent of the assets of TI or (ii) change of a majority of the board of directors in a 12-month period unless a majority of the directors then in office endorsed the appointment or election of the new directors (“Plan definition”). These terms are intended to reduce employee uncertainty and distraction in the period leading up to a change in control, if such an event were to occur.

(9) Amount to be Capitalized on Share Capital of Newly Issued Shares Issuable upon Exercise of the Options, among the Issue Price per Share

Because it cannot be determined if, and to what extent, each Employee who receives an Option will exercise the Option, the exact number of Shares issuable on exercise of the Options is not certain. The following is the total of “Amount to be Capitalized on Share Capital of Newly Issued Shares Issuable upon Exercise of the Options” which is based on the assumption that all of the Options are exercised by the grantees and that all of the Shares Underlying the Options, as set out in (5) above, to be delivered as a result of such exercise are newly issued Shares.

(number of shares x par value): 6,439 x \$1 = \$6,439 (approximately ¥1 million)

(10) Transfer of the Options

The Options granted under the Plan may not be transferred except by will or the laws of descent and distribution.

(11) Issuing method

The Options are to be granted under the Plan. The Plan was approved by the Board of Directors on January 15, 2009 subject to stockholder approval. The Plan was approved by stockholders at the annual meeting of stockholders of the Company held on April 16, 2009. The Plan was subsequently amended on September 17, 2009, January 19, 2012 and April 21, 2016.

According to the Plan, the Committee is authorized to grant the Options to eligible employees with the terms and conditions described in the Plan and with such additional terms and conditions, in either case not inconsistent with the terms of the Plan, as the Committee shall determine.

According to the Plan, no Employee may receive Options under the Plan in any calendar year that relate to more than 4,000,000 Shares, subject to certain adjustments under the Plan.

Any individual who is employed by the Company or any Affiliate and any individual who provides services to the Company or any Affiliate as an independent contractor, including any officer or employee director shall be eligible to receive an Award under the Plan. An individual who has agreed to accept employment by, or to provide services to the Company or an Affiliate shall be deemed eligible for awards as of commencement of employment. Directors who are not full-time or part-time officers or employees are not eligible to receive Awards under the Plan.

(12) Names of underwriters

(13) Places of offering

- (14) Total amount of proceeds from the issuance, and details, amounts and expected time of expenditure for each use of proceeds

- (a) Total amount of proceeds from the issuance of the Options

\$1,246,462 (approximately ¥141 million)

Because it cannot be determined if, and to what extent, each Employee who receives an Option will exercise the Option, the amount of proceeds from the issuance of the Options is not certain. We have therefore used the aggregate amount of the Offering Price and the Payment upon Exercise as an estimate.

- (b) Details, amounts and expected time of expenditure for each use of proceeds

The proceeds will be used for general corporate purposes. The details, amounts and expected time of expenditure for the use of the proceeds have not been determined.

- (16) Exchange where the Options are or are to be listed

B. Restricted Stock Unit (the “RSU”)

- (1) Type and Name of Securities (i.e., RSU) to be Issued (i.e., Granted)

Each RSU represents the right to receive one share of TI common stock on a date of vesting of RSUs (the “Vesting Date”) unless the award is terminated earlier under terms summarized in “(8) Conditions for Exercise of the Options”.

The following is a summary of certain important characteristics of RSUs and the Plan under which they are issued.

The Plan is designed to enhance the ability of the Company to attract and retain exceptionally gifted individuals and to encourage them to acquire a proprietary interest in the growth and performance of the Company.

The date on which stock is to be issued pursuant to an RSU is determined by the Committee. The grantee has no discretion over the date the shares are issued.

According to the Plan, RSUs shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote or the right to receive any dividend or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

As determined by the Committee, each RSU granted by the Company also includes the right to receive dividend equivalents, which are paid annually in cash at a rate equal to the amount paid to stockholders in dividends. Dividend equivalents are considered additional compensation to the employee.

A grantee will not have any rights as a stockholder of the Company in respect of any shares of common stock of the Company issuable under the RSU unless and until such shares are issued in the name of such grantee and delivered to him/her.

Under the Plan, RSUs are regarded as incentive compensation, that is, the RSUs are granted to employees in return for their services. Under U.S. corporate laws and regulations, a corporation may issue shares without cash consideration. Accordingly, stock may be issued under the relevant RSUs to the employee without any consideration paid by the employee to receive the shares.

A grantee of RSUs does not make any payment upon distribution of shares, and therefore, “exercise” is deemed to happen upon distribution of shares for the purpose of this report.

In accepting an RSU award, each grantee acknowledge that: (a) the Plan is established voluntarily by the Company, it is discretionary in nature and it may be modified, amended, suspended or terminated by the Company at any time, as provided in the Plan; (b) all decisions with respect to future awards, if any, will be at the sole discretion of the Company or its designee; (c) the Award is voluntary and occasional and does not create any contractual or other right to receive future RSUs, or benefits in lieu of the RSUs; (d) each grantee is voluntarily participating in the Plan; (e) RSUs are an extraordinary item that does not constitute compensation for services rendered to the Company; (f) RSUs are not part of normal or expected compensation or salary for any purposes, including, but not limited to, calculating any severance, termination, pension or retirement benefits or similar payments; (g) RSUs will not be interpreted to form an employment contract or relationship with the Company; (h) the future value of the underlying shares is unknown and cannot be predicted with certainty; and (i) if each grantee receives shares, the value of such shares may increase or decrease in value.

(2) Number of Securities (i.e., RSUs) to be Issued (i.e., Granted)

30,683 RSUs

(3) Offering Price per Securities (i.e., RSUs)

\$0 (¥0)

(4) Aggregate Offering Price

\$0(¥0)

(5) Type and Number of Underlying Shares of the RSUs

Type: Registered shares of common stock of Texas Instruments Incorporated, par value of \$1 per share

Number: 30,683 Shares

(6) Amount of Payment upon Vesting of the RSUs (per RSU)

\$0 (¥0)

(7) Vesting Period

Except in the event of termination of employment, RSUs vest on the Vesting Date, which is January 30, 2026 (See “(1) Type and Name of Securities (i.e., RSU) to be Issued (i.e., Granted)” and “(8) Conditions for Exercise of the Options”).

(8) Conditions for Exercise (i.e., vesting) of the RSUs

Employment Termination

Due to Death or Permanent Disability or at Least 6 Months after Grant When Retirement Eligible	Employment Termination For Cause	Other Circumstances of Employment Termination
Vesting continues; shares are paid at the scheduled vesting date	Grant cancels; no shares are issued	Grant cancels; no shares are issued

These termination provisions are intended to promote retention. All RSU awards contain cancellation and clawback provisions like those described above for stock options. The terms provide that, to the extent permitted by Section 409A of the IRC, the award vests upon involuntary termination of TI employment within 24 months after a change in control. Change in control is the Plan definition. These cancellation, clawback and change-in-control terms are intended to conform RSU terms with those of stock options (to the extent permitted by the IRC) and to achieve the objectives described above in the discussion of stock options.

(9) Amount to be Capitalized on Share Capital of Newly Issued Shares Issuable upon Vesting of the RSUs, among the Issue Price per Share

“Amount to be Capitalized on Share Capital per shares” for the purpose of this report is \$0 because RSUs may be granted and stock issued thereunder to the employee without any consideration paid by the employee to receive the shares. However, when RSUs vest and shares are issued, the Company credits the par value out of its stockholders equity, even though no cash is received, as this is required in accordance with U.S. GAAP.

(10) Transfer of the RSUs

The RSUs granted under the Plan may not be transferred except by will or the laws of descent and distribution.

(11) Issuing method

The RSUs are to be granted under the Plan. The Plan was approved by the Board of Directors on January 15, 2009 subject to stockholder approval. The Plan was approved by stockholders at the annual meeting of stockholders of the Company held on April 16, 2009. The Plan was subsequently amended on September 17, 2009, January 19, 2012, and April 21, 2016.

According to the Plan, the Committee is authorized to grant the RSUs to Participants with the terms and conditions described in the Plan and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine.

Any individual who is employed by the Company or any Affiliate and any individual who provides services to the Company or any Affiliate as an independent contractor, including any officer or employee director shall be eligible to receive an Award under the Plan. An individual who has agreed to accept employment by, or to provide services to the Company or an Affiliate shall be deemed eligible for awards as of commencement of employment. Directors who are not full-time or part-time officers or employees are not eligible to receive Awards under the Plan.

Grantees are required to enter into the Restricted Stock Unit Award Agreement with the Company within 120 days of the Grant Date of RSUs. “Grant Date of RSUs” means the effective date of the grant of RSUs. Failure to accept the agreement by such date will result in termination of RSUs without any shares being issued.
